ECC = Evacuation Control Center; UTC = Until Completed				
YOU CAN PROCESS YOUR NEO PACKET AT ANY ECC OUTSIDE YOUR WORK AREA				

NCE registration: Only noncombatants or guardians can register themselves and their dependents at ECCs. An adult noncombatant family member or guardian must accompany dependents less than 18 years of age.

Noncombatants are encouraged to register pets at ECCs to exercise pet handling and registration procedures. Bringing children or pets for exercise registration is encouraged, but not required. Regardless of whether noncombatants choose to bring their children or not, they must bring their children's original identification documents (ID cards, passports, etc.) processing. Photocopies of documents will result in manual entry of all data and slow the process for all participants. The DoD dependent ID card is the preferred document to use for NTS registration.
